

Learning Strategies Center

Overview 2022-2023 (Fall 2023)

LSC helps students foster connections with peers, course material, LSC instructors, and with themselves as learners.

LSC is **widely-used**: in 2022-23 there were **~20,000 student-visits** to LSC office hours, tutoring, workshops, consultations and support courses.

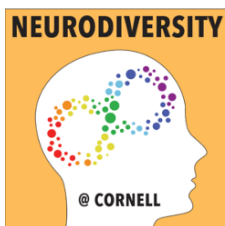

LSC supports students across all undergraduate colleges in more than **50 different Cornell classes**.

LSC has a **very strong on-line presence**. From July 2022-June 2023,

- There were over **300,000** (more than a quarter-million!) views of our You-Tube videos.
- **543** students enrolled in study skills modules on Canvas, they made over **8,000** page views.
- lsc.cornell.edu had **438,180 users** and **718,437 pageviews**

The LSC Scholarship funded **277 students** to help them meet timely graduation goals taking Summer and Winter Session courses.

2926 requests came from students looking for **study partners** in **598 unique courses**. LSC made **1651 matches** leading to **717 study groups**.

LSC's growing support for **neurodiverse students** includes consultations, workshops, and community-building opportunities through Neurodiversity@Cornell, including over **250 participants** in a variety of events during **Neurodiversity Celebration Week**.
